RE: In Support of Big Falls Campground and Horse Camp

Dear Mayor Lindemanis:

We are so pleased to learn of Big Falls Campground and Horse Camp achieving regional designation with the Greater Minnesota Regional Parks and Trails Commission. This achievement signifies that the campground meets the stringent guidelines for a high quality recreational experience. The proposed improvements and expansion are consistent with Big Falls' economic development plan to expand its tourism destination on the beautiful Big Fork River. This project also aligns with the Voyage Forward Tourism Destiny Driver goals and outcomes to position the Voyage Forward region as a quality tourist destination!

The Big Falls Campground and Horse Camp is a significant recreational asset in the Voyage Forward region that deserves to be enhanced. We are proud to vigorously support enhancement plans for the campground.

Sincerely,

Sherril Gautreaux, Eric Johnson, Pete Schultz
Tourism Destiny Driver Champions
